Please fill in your details below

Customer Details:

Name:	

Section A:

A = Height:
B = Span:

Notes:

When measuring overall height the following details are required.

If the existing roof is traditional (hand cut) overall height must be taken to the top of the rafter NOT the top of the ridge board.

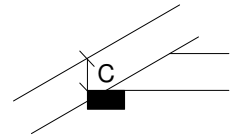

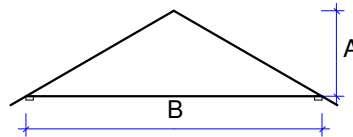

If the existing roof is roof trusses overall height must be taken to the top of the truss.

Please inform us of any difference in the position of the wallplate. For example: Existing cavity 250mm brickwork when the new is cavity 275mm brick work should give a difference in wallplate position of 25mm. Please also inform us of differences in wallplate sizes.

Section B: (Match Existing Traditional)

A = O/A Height:
B = O/A Span:
C = Birsmouth Upstand:

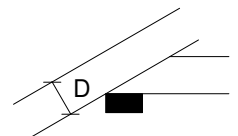

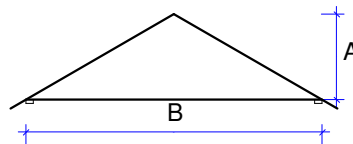

Comments: ie Raised Tie

Section B: (Match Existing Trusses)

A = O/A Height:
B = O/A Span:
D = Rafter Section:

Comments: ie Cantilevers

Sketch any special details and / or plan on reverse:

I / We confirm that the above details are correct and can be used for manufacturing purposes.
